### Rail Car Shipping info for Bulk Lava Customers

While we will order and maintain all aspects of shipping by rail, the ability to unload cars and work with a particular rail road is somewhat of an art in today's market place. Therefore, it is important for you, as our customer to have a direct relationship with your delivering rail road. We strongly suggest you start there for a rate but listed below is the information you will need to obtain a routing plan and of course a complete rail rate, door to door, including current fuel surcharges and potential demurrage and any possible unloading costs.

Our contact at the rail road is Brooks Tingey 402-544-5903 [brookstingey@up.com](mailto:brookstingey@up.com)

Item Number	Product Description	Estimated Yards / Car	Approx Lbs / Yard	FOB Price / Yard	Est Frt / Yard	Est Del Cost / Yard
